ECONOMIC IMPACTS

Port of Savannah, GA

**Largest
Concentration of
Retail on East Coast**

**\$38 Billion
Est. 2022 Cargo**

**Top 3 Fastest Growing
Container Port in U.S for
Last 10 years**

**Serves 45% of the
U.S. Population bc
of Two Interstates**

The Port of Savannah in Georgia is the single largest and fastest-growing container terminal in America. Immediate access to I-16 (East/West) and I-95 (North/South), means key cities and manufacturing points throughout the U.S. may be reached within a one-to-two-day drive.

The port is home to the largest single-terminal container facility of its kind in North America and is comprised of two modern deepwater terminals: Garden City Terminal and Ocean Terminal. Lastly, Savannah handles approximately 80% of the ship-borne cargo entering Georgia.

Port of Charleston, SC

**100 Foreign Ports
Served Directly**

**\$72 Billion
Cargo in 2022**

**Top 10 Fastest Growing
Container Port in U.S for
Last 10 years**

**52' Draft
Deepest in the
Southeast**

The Port of Charleston, SC is one of the fastest-growing ports in the United States and it now has the deepest harbor on the East Coast which allows it to handle the largest ships in the world. This port alone supports about 10% of the jobs in the state and has an economic impact of over \$33 Billion on the Upstate economies.

South Carolina is a manufacturing and exporting state and one of the main reasons for this is the Port of Charleston.

Not only is there a high demand for industrial and warehouse space in Charleston, SC but industrial buildings all over the state are positively affected by the Port of Charleston.

MSA BUSINESS OVERVIEW

Augusta is a regional center of medicine, biotechnology, and cyber security. Augusta University, the state's only public health sciences graduate university, employs over 7,000 people. Along with University Hospital, the Medical District of Augusta employs over 25,000 people and has an economic impact of over \$1.8 billion. Within the next few years, the city is expected to have rapid population growth of 10,000+ residents due to the announcement of the United States Army Cyber Command that will be located in Fort Gordon.

The city's three largest employers are Augusta University, the Savannah River Site (a Department of Energy nuclear facility), and the U.S. Army Cyber Center of Excellence at Fort Gordon, which oversees training for Cyber, Signal Corps, and Electronic Warfare. Other Companies with headquarters or distribution centers in the CSRA are but limited to, EZ-Go, Bridgestone, Tax Slayer, John Deere, Amazon, Kellogg's Kimberly Clark, Graphic Packaging International, and more.

RICHMOND COUNTY, GA

Augusta, GA is in the midst of a renaissance of sorts fueled by a few different major drivers. One is the influx of all things cyber with the relocation of the U.S. Army's Cyber Command Headquarters to nearby Fort Gordon. This fairly recent development has and continues to fuel growth in the area, but has only served to accelerate a trend that was already underway. The city's downtown was already fastly developing, but now many more projects are set to break ground. The greater MSA, including surrounding Columbia and Richmond Counties on the GA side, and Aiken and Edgefield counties on the SC side, seem to all be seeing impacts in this already very affordable place to live.

Traditionally, Healthcare, Military, Manufacturing, Energy, and Customer Service have represented the primary nodes of the Augusta Economy. Cyber has recently taken its place at the table next to the others and has fueled much of the recent change. Amazon has plans for two separate distribution warehouses off of I-20 in Columbia County. Over 51,000 jobs are provided by healthcare alone in the Augusta MSA. Manufacturing entities in the area include EZ GO Textron, Kimberly-Clark, John Deere, Starbucks, Graphic Packaging, Cardinal Health, Kellogs and more. Entities like Sitel, ADP, Unisys and Taxslayer specialize in customer-service-based work. The economy is greatly supported by a couple of different large energy projects: Savannah River Site and Plant Vogle providing 12,000 and 6,000 jobs respectively.

CYBER CITY

U.S. Army Cyber Command (ARCYBER) is the Army headquarters beneath United States Cyber Command. The Army Cyber Command Headquarters located at Fort Gordon operates and defends Army networks and delivers cyberspace effects against adversaries to defend the nation. ARCYBER, led by Fort Gordon, conducts global operations 24/7 with approximately 16,500 Soldiers, civilian employees, and contractors worldwide. The Pentagon's 2013 announcement led to the relocation of the U.S. Army Cyber Command from Fort Meade in Maryland to Fort Gordon in Augusta.

Fort Gordon is fast becoming a center for joint forces activities, training, and operations and is a huge employer in east Georgia.

With a workforce of 31,155, much of the installation's annual economic impact of nearly \$2.4 billion goes directly into area shops, real estate, banks, and other businesses.

The Augusta Region has long been a hotbed for the tech- and cyber-related companies such as Unisys, ADP, and Raytheon. Now, Augusta is home to the US Cyber Command at Fort Gordon and the newly completed Georgia Cyber Center, a \$100 million investment and the largest government cybersecurity facility in the United States. Located on the Nathan Deal Campus for Innovation, the center is a unique public/private partnership involving academia, state and federal government, law enforcement, the U.S Army, and the private sector. Other cyber-focused businesses are paying attention and taking advantage of the expanding field by moving their headquarters and establishing branches in the Augusta Region. The \$100 million Georgia Cyber Center, the single largest investment in a cybersecurity facility by a state government to date, is a unique public/private partnership involving academia, state and federal government, law enforcement, the U.S. Army and the private sector.

GEORGIA CYBER CENTER

AUGUSTA NATIONAL

Year after year during the first full week of April, golf fans descend on Augusta by the thousands. The annual event marks a boom for the local economy with over 200,000 average attendees. Augusta is known as the golf capital of the universe for good reason, and the love of golf extends well beyond the confines of Augusta National. It attracts politicians, athletes, musicians, Corporate CEOs, and many more which brings some of the world's most powerful people all in the same week to Augusta, GA.

Augusta National Golf Club sometimes referred to as Augusta or the National, is a golf club in Augusta, Georgia, United States. Unlike most private clubs which operate as non-profits, Augusta National is a for-profit corporation, and it does not disclose its income, holdings, membership list, or ticket sales. Founded by Bobby Jones and Clifford Roberts, the course was designed by Jones and Alister MacKenzie[3] and opened for play in 1932. Since 1934, the club has played host to the annual Master's Tournament, one of the four men's major championships in professional golf, and the only major played each year at the same course. It was the top-ranked course in Golf Digest's 2009 list of America's 100 greatest courses and was the number ten-ranked course based on course architecture on Golfweek Magazine's 2011 list of best classic courses in the United States.
